Effective Date: June 1, 2016

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

If you have any questions about this notice, please contact us at 770-497-4188.

### **OUR OBLIGATIONS:**

We are required by law to:

- Maintain the privacy of protected health information
- Give you this notice of our legal duties and privacy practices regarding health information about you
- Follow the terms of our notice that is currently in effect

### **HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION:**

The following describes the ways we may use and disclose health information that identifies you (“Health Information”). Except for the purposes described below, we will use and disclose Health Information only with your written permission. You may revoke such permission at any time by writing to our practice Privacy Officer.

**For Treatment.** We may use and disclose Health Information for your treatment and to provide you with treatment-related health care services. For example, we may disclose Health Information to doctors, nurses, technicians, or other personnel, including people outside our office, who are involved in your medical care and need the information to provide you with medical care.

**For Payment.** We may use and disclose Health Information so that we or others may bill and receive payment from you, an insurance company or a third party for the treatment and services you received. For example, we may give your health plan information about you so that they will pay for your treatment.

**For Health Care Operations.** We may use and disclose Health Information for health care operations purposes. These uses and disclosures are necessary to make sure that all of our patients receive quality care and to operate and manage our office. For example, we may use and disclose information to make sure the obstetrical or gynecological care you receive is of the highest quality. We also may share information with other entities that have a relationship with you (for example, your health plan) for their health care operation activities.

**Health Information Exchanges (HIE).** Health1Care Medical Center is an independently owned and operated medical practice; however, we are a member practice of the Emory Healthcare Network, and for that reason participate in the Emory Healthcare Health Information Exchange.

Health Information Exchanges allow health care providers, including member practices of the Emory Healthcare Network, to share and receive information about patients, which assists in the coordination of patient care. The Emory Healthcare Network participates in a health information exchange that may make your health information available to other providers, health plans, and health care clearinghouses for treatment or payment purposes. Your health information may be included in the health information exchange. We may also make your health information available to other health exchange services that request your information for coordination of your treatment and/or payment for services rendered to you.

Participation in the health information exchange is voluntary, and you have the right to opt out. Additional information on The Emory Healthcare Network’s HIE can be found at the website, [www.emoryhealthcare.org/ehealthexchange](http://www.emoryhealthcare.org/ehealthexchange). If you

do wish to opt out of participation in the Emory Healthcare Network HIE, please ask a member of our staff for an Opt-Out Form to sign.

For example, a research project may involve comparing the health of patients who received one treatment to those who received another, for the same condition. Before we use or disclose Health Information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who may be included in their research project or for other similar purposes, as long as they do not remove or take a copy of any Health Information.
